The Duke is able to leave in an hours time. Sir Stuart thinks it is going to meet him at Veeraval longer like other Princes. He an accompanying him. about 83 Ruling Princes are here — & make a very interesting story.

I am writing to Rajasthanchandra to ascertain if it is pleasure & let me know if the Austin Cable be kept in Bombay for this visit instead of the trial, which is not so suitable for Zenana use, especially in africa like Bombay

I hope Your Highness is quite well & with deepest respects,

Yours
Your Highness's devoted & humble servant

Sir, I then went in & had half an hr conversation together, his Sikh friend & inseparable companion was with him. Raja Saheb turned up at the hotel again yesterday at 12, & we had another long & enchanting talk together till 1.30, discussing every question under the Canopy of Heaven or Earth. He is trying for the remission of the Kuperthala Salary, he tells me. The Mr of K. is going the round with the ruling powers shortly. This Sir he is aware. He has at present the Control over the finances of this State, which the Resident looks after.

I suppose Mrs R. will give account to some extent at any rate, for the buoyancy of the old gentleman's spirits May Mr Stevens always keep him like Raja Hari Singh is also here. D. was telling me that he had given up all hopes of making them work together amicably. She says he only thinks for it do now is to wait for her uncle's death. Bellasis is trying to become governor of a Province in British India. Kuperthwaite is apparently frightfully jealous of him, says that the Ch of Provinces is only a 4 men's show, a farce. D. wants to attend the Mtg of K. Hos. to take any part in the Conference of R. Provinces when Lord Curzon's powers are confirmed upon him. D is going to write to Lyall Jr. son. he is now King of Canada to impress all the evil of such a step. Hope he won't change his mind later.
